The topic of this Web page is Klimontów (Klimontow) which is a quarter of Sosnowiec. It's a very old and beautiful place. Klimontów was heavily industrialised but the closure of the coal mine Porabka - Klimontów (Red Zaglebie, Bismarck II) destroyed the local economy. If you know something about Klimontów please tell us about it!

Let's make this Web page together! We would especially like to hear from former POW at Klimontow during the Second World War .

e-mail: klimontow@op.pl

Topics covered are:

- Jews in Klimontow
- Picture gallery of photographs of Klimontow in the past
- The camp for prisoners of war from Great Britain in Klimontow near Sosnowiec, Poland.
- Alan Forster.
